Led Glow Sticks

Take the excitement to the next level with LED Glow Sticks. The Glow Sticks will be tossed/handed out to your guest shortly after the start of open dance. Each stick has your name and event date on them and can be used as a take-home gift to your guest!

Dance Floors

No party is complete without a dance floor. Our dance floors come in a modern color and style. They have a more seamless look than traditional dance floors giving a hardwood floor appearance. The panels can be locked together in any custom configuration up to 414 square feet. For laying on the grass, we will install a necessary sub-floor free of charge!

Remarkable!!!

DJ is a pro of pros. Always there to answer calls when we needed him the most. He mapped out our wedding to the minute, which eased all of our concerns. At the wedding, Keegan was fantastic in bringing energy to all of our guests. He was friendly, understanding, and adjusted on the fly with any unexpected deviation. Frank's transitions between songs were flawless, and played all the songs we requested and some of the best hits we forgot to mention! Perfect night!

Marvelous!

DJ and his team did a fantastic job for my wedding. DJ was always professional and met our expectations as our music DJ. It is always nerve racking hoping that a music DJ will meet your needs on your big day. My bride and I were really happy with Double Time Entertainment. I would highly recommend DJ for any of you music needs.

Best DJs Ever

Double Time was absolutely amazing for our wedding. The Emcee - DJ combo was absolutely phenomenal and kept the entire wedding flowing and everyone dancing. They did several consultations with us beforehand to get an idea of what we wanted, and they nailed it. They required no help from us on the day of and actually offered a ton of help, making it a great experience! I can't recommend them enough. Sent on 01/28/2019

True Professionals

DJ and Keegan are true professionals. They ran the whole wedding flawlessly. With little instructions given from us, they knew exactly how to run a wedding reception. They brought all their equipment, got there and set everything up before the stated start time. Music was on point, but even better was the MC (Doug). He was super friendly, down to earth, and willing to work with whatever we threw at them, and more importantly he understood our vibe and translated that perfectly through the mic. We also decided to get their photo booth, which was a blast! Everyone loved it and we now get an album with all the photo that were taken inside that crazy place :P On top of this they have very reasonable pricing which was worth every penny.
